

MASLI, Hafiz

My name is Hafiz Masli, long-term resident of CI. I have gotten to know and build a network with most of the Christmas Island community through my position as Coordinator of the CI Community Resource Centre. I have for a long term, been a part of many cultural community activities as an active and engaged volunteer with the Malay Association of CI, Poon Saan Club, CI Women's Association and 6RCI Radio.

People who live here care about each other, their environment and their future, which makes me proud to be an Islander. If elected into the Council my focus will be on those 3 values – “People, Environment, Future”, working together with the Shire’s executive team and the councillors for a strong voice, encouraging balanced growth and development while recognising the diverse needs of each unique community groups, like planning for the future of our economic and community development, and for a good cultural life for our younger generation.

Postal Address: PO Box 329 CHRISTMAS ISLAND 6798
