

My name is Tung Swee (Mel) and I have been a long term resident of Christmas Island. My parents and I arrived on the Island back in 1981. I went to Christmas Island District High School, and then to Perth for TAFE & then Murdoch University. As a returning resident and a mum raising a young family here, we face many challenges in our small remote community.

I am passionate about the future of our Island through cultural diversity and tourism, and I am supportive of living in a clean, and healthy environment by making our Island more stable & sustainable for our children and our future.

I truly believe that a local government should be accessible and accountable in the way it conducts its business and that the people in the community should have an opportunity to participate in their local government.

I am independent and I am keen to support an open, and accountable Council.
