

**SHIRE OF CHRISTMAS ISLAND
PUBLIC NOTICE**

06/23

5 April 2023

Public Workshop for Development of Strategic Community Plan – ‘Our Island, Our Responsibility’

What: Christmas Island Strategic Community Plan Development

Where: Recreation Centre

When: 6.30pm – 9.00pm, Wednesday April 19th

The Shire of Christmas Island invites you to participate in a facilitated workshop for the development of the next 10 year Strategic Community Plan. This workshop is a crucial step towards creating a comprehensive plan that will guide the future of our community.

Under Western Australian legislation for local governments, the development of a Strategic Community Plan is a requirement for all local councils. This Plan will provide a clear vision and direction for the Shire of Christmas Island over the next decade.

We encourage all community members to attend the facilitated workshop and have your say on the delivery of municipal services for the next 10 years.

Your input will help shape the Strategic Community Plan and ensure it reflects the priorities and aspirations of our community.

For more information about the development of the next 10 year Strategic Community Plan from 2023-2033, tentatively titled ‘Our Island, Our Responsibility,’ please contact the Chris Su at chris@shire.gov.cx , 9164 8300 (237) during office hours.

David Price
Chief Executive Officer
