

LAI, Stephanie

My name is Stephanie Lai, and I am proud to call Christmas Island my home. I was born here and spent my childhood surrounded by the unique spirit of our Island before moving to Perth at 12, where I completed high school and university. In 2022, I returned permanently and feel privileged to be raising my young son with my husband on the Island that has given me so much.

I am a HR professional with PRL Group and care deeply about supporting people development. Since returning, I have also contributed to the community through the IOT Regional Development Organisation, CI Stories Association, and the IOTHS Community Advisory Committee.

I believe in the power of our community to shape its own future. If I am elected Councillor, I will listen, learn, and work alongside you to create an inclusive, sustainable, and thriving Island for everyone.
