Unit 7 / 55-63 Gaze Road
Settlement
Christmas Island
Indian Ocean 6798

Born in Singapore on the 29 JUNE 87 I was raised on Christmas Island until a short move to mainland in 2005 to build on my passion for aviation.

I began the move back to Christmas Island in 2017 before becoming the director of Christmas Island Removals in 2018.

Moving back home has seen my network and knowledge expand into providing valuable services for the community and visitors of Christmas Island.

Christmas Island has the potential to grow in development for locals, business and tourism with a fresh, young and vibrant committee that are actively willing to accept challenges.

With diversity within the organization, if elected, I along with the remaining councilors will actively work to progress development and sustainable economics for the growth of Christmas Island.
